

**CEMETERY TRUSTEE MEETING
FEBRUARY 9, 2010**

PRESENT: Don Burke, Janet Brown, Rob Gordon

GUEST: Judy Rogers

Meeting called to order @5:00pm.

The November minutes were read and accepted by all. We had no meetings in December 2009 and January 2010.

The Committee talked about the damage done at Center Square Cemetery by the Highway Department snow plow this winter. Don has met with Carl Knapp. The Committee also sent a letter to the Town. The entire fence at this cemetery has to be replaced. The Town insurance will have to pay for the damage. We are not sure if the granite post are broken at base or just pushed over too much snow to see.

Don will be getting prices for replacing wood fence and also quality vinyl which comes in many styles. The cost of painting the wood fences and replacing over the years has been costly to maintain.

The Committee is hopeful that the Oil Mill Cemetery will get its new wall rebuilt this summer. The Dow Peaslee Cemetery wall on Rte 77 needs to be rebuilt as stones are falling on ground and the whole wall could fall into road which we would be liable for. We will ask the State of NH Highway Dept. to help us with the situation.

Judy Rogers received a letter from Ms. Carolyn Simons asking about her lot in Pine Grove. Judy sent information the lady needed. Thanks Judy.

The Committee needs to change the Cemetery Committee meeting in March to the 10th because the 9th is Town Voting Day.

Meeting adjourned at 5:55p.m.

Respectfully submitted,

Janet Brown
Secretary
